

# **EXHIBIT A**

It's official, [REDACTED] -- We're in.

We have formally filed papers to intervene in the gun lobby's frivolous lawsuit against I-594 – the background check initiative that we all helped pass.

If the court grants our request, we will stand shoulder-to-shoulder with the Attorney General to defend the law. We know this law better than anyone because we've spent nearly two years making the case to the people of Washington and defending it against the gun lobby's arguments.

**We're putting the gloves back on and taking on the gun lobby again.**

We knew this day could come. The gun lobby is a powerful and relentless force in our politics, and they're determined to overturn Initiative 594 and crush our movement to help prevent gun violence and save lives in Washington.

**We defeated them at the ballot box, and I know that we can defeat them in court – but it's up to all of us to join in the fight.**

**Make a donation right now. Let's build the 594 Legal Defense Fund. Join the fight!**

Stay tuned. We're just getting started.

Getting sued is no fun. Most people try to avoid it. But not us. In fact, we've asked to join the people of Washington as co-defendants in the gun lobby's lawsuit attacking Initiative 594 – our new universal background checks law.

Why'd we do it? Because 594 is keeping guns out of the hands of criminals. And it's making our communities safer. We've spent the last two years fighting to pass the initiative and defending the initiative against the gun lobby's attacks.

And we know how to beat them.

We're asking grassroots supporters to raise \$35,000 by the end of the month – that's midnight tonight – to help us build the 594 Legal Defense Fund. This is going to be tough fight, and we need all hands on deck.

We're getting close to hitting the goal, but we're almost out of time. Chip in a donation right now, and let's show the gun lobby that we won't back down!<http://action.wagunresponsibility.org/page/m/737623ca/2efcbeb/6c26f43a/71198869/1165789205/VEsC/>>

Let's do this!
